

Sierra Elementary

Parent Teacher Club (PTC) Impact Report 2016-2017

Background

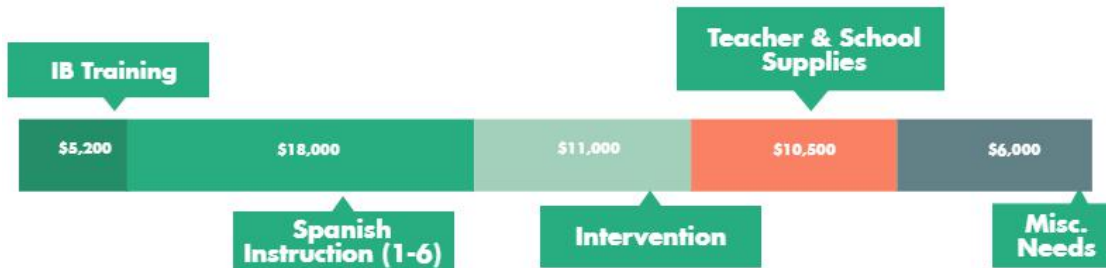

Through our annual fundraising efforts, Sierra Elementary's PTC (Parent Teacher Club) is able to enhance and further our children's academic experience. Nearly \$60,000 was raised last year alone, thanks to the tremendous support of our families and local community businesses!

Where do your donations go?

20

The number of students who benefit from after school math tutoring each session. Parents, teachers, and students continue to rave about this program.

K - 6th

Spanish instruction two times a week for all 1st through 6th graders, and once a month for Kindergarten. Early introduction to foreign language has proven lifelong benefits.

7+ teachers attended IB training returning to school with new and exciting ways to teach your children.

Several teachers attended the three-day IB training at Granlibakken, Lake Tahoe. It was truly wonderful to attend a training in the beauty that is Lake Tahoe. But the best part was making connections with educators and trainers from different parts of the country and the world. All of the attendees were in different places on the IB journey, but we shared the common goals of improving our craft and enriching the educational experiences of our students. The workshop offered many choices including: an introduction to IB, assessment, concept-based learning, and written curriculum. Most of the Sierra teachers attended the assessment training. I think I can speak for all who attended that we have gained a new perspective of the different kinds and importance of giving assessments that involve and help guide the students. The teachers look forward to implementing our newly acquired knowledge of assessment in the 2017-2018 school year and beyond.

~ Carole Durbin, 2nd Grade Teacher

Every Teacher

Twice a year the PTC funds teacher accounts, which teachers use to purchase items for your child's classroom.
